## Free US Shipping

Go Green with our Imperial Solar Lantern from Gamma Sonic. Replace your outdated and energy-guzzling gas lamps or low voltage lighting with our energy-efficient solar powered lantern.

The lantern fits over any existing 3" pole. Using our patented cone reflector technology, this classic gas lamp design solar lantern with super bright white LEDs will safely light your entry, elegantly enhance your home, and impress your neighbors.

100% Satisfaction Guaranteed

Warranty : 1 Year Manufacture Warranty

Free shipping available and ships within 3 days from California or Georgia. Please check with us for discounts on orders over 10 units of this product.

The powder-coated cast-aluminum solar lamp posts are weather and rust resistant requiring no maintenance. Our worry-free, the solar lantern turns on at dusk and off at dawn automatically.

## Features

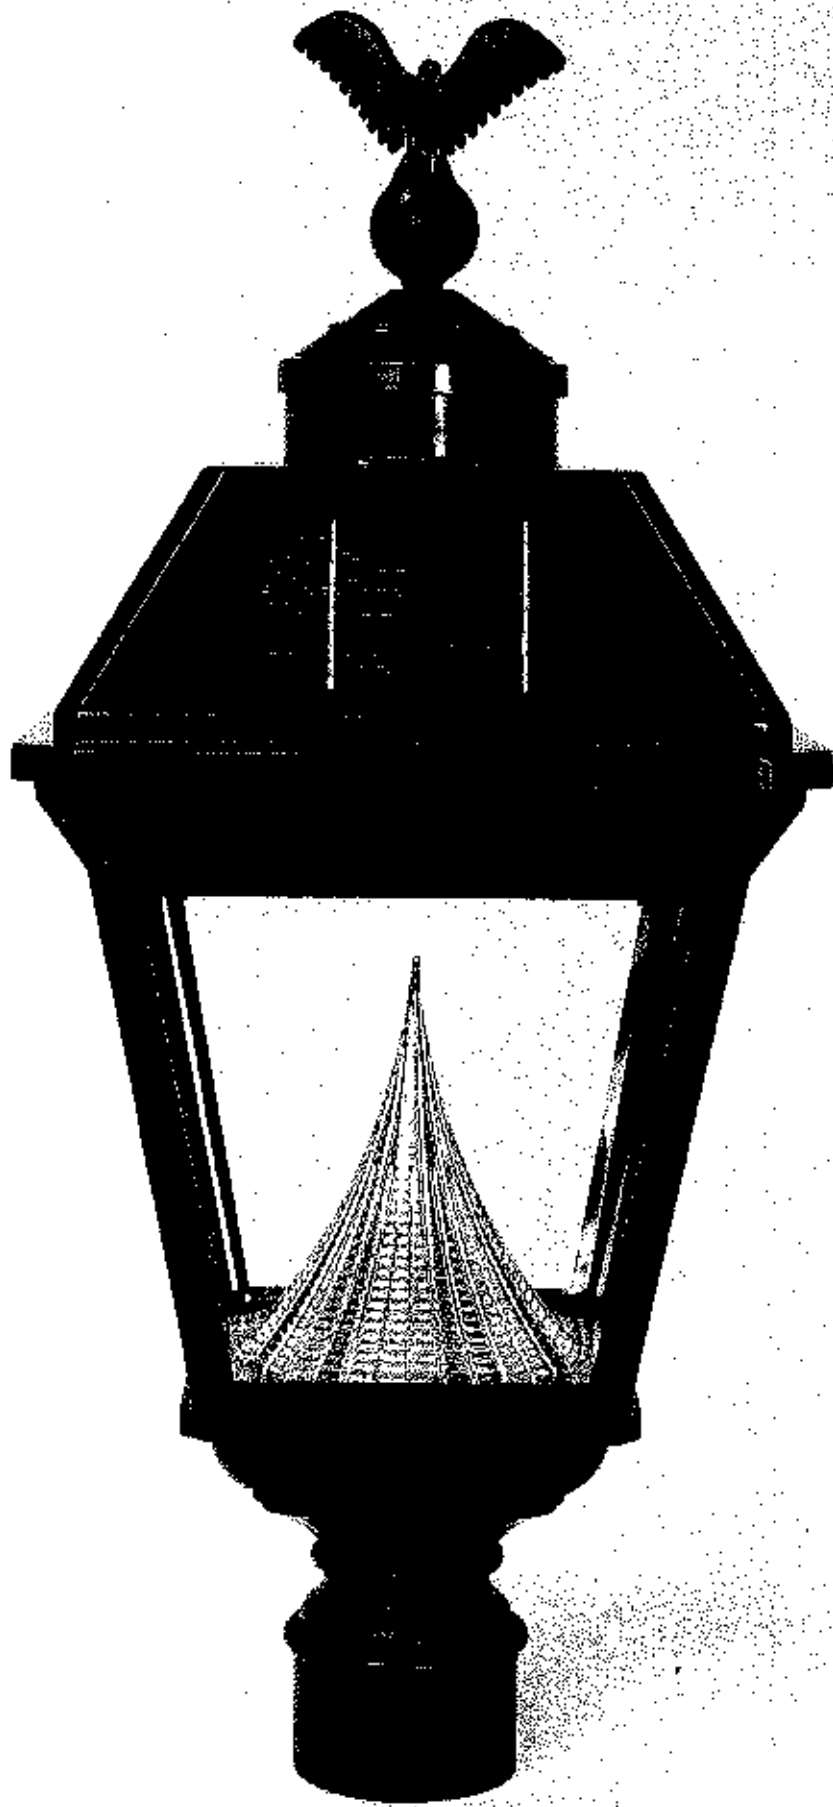

- Solar lantern with 3" pole mount.
- Automatically turns on at dusk and off dawn.
- Light duration from charge: 10-14 hours
- Manual Hi/Lo light brightness switch.
- 8 super-bright White LED bulbs.
- New efficient Li-Ion rechargeable batteries included.
- Beautiful beveled glass.
- Patented cone reflector technology to create the brightest light possible.
- Solar lanterns have a durable, rust-resistant frame.
- Available in black finish.

## Electricity Savings Calculator

- Comparable Wired Product: 48kWh
- Monthly Electrical Savings: \$5.77
- Annual Savings: \$69.24
